Region 4
245 West Broadway, Suite 425
Long Beach, CA 90802-4444

Dear Mr. Gutierrez:

Enclosed you will find a copy of the Final Removal Action Site Closure Report for Installation Restoration (IR) Site 3, Area of Concern (AOC) 4 at Naval Station, Long Beach (NAVSTA), Long Beach, California.

Please review the document to ensure that all your comments have been properly incorporated. If all comments have been properly incorporated, we then request that both the State of California Environmental Protection Agency's Department of Toxic Substances Control and the U.S. Environmental Protection Agency forward a letter to us accepting the Final Removal Action Closure Report by January 10, 1997.

Additionally, this letter will serve as notice that the Draft Response to Comments for the Draft Site Closure Report, issued on November 6, 1996, will now be considered a final. This action is being taken since your department was satisfied with the draft version.

If you have any questions, please contact Mr. Kurt Baer at (619) 532-3329, or myself at (619) 532-1250.

Sincerely,

A handwritten signature in cursive script that reads "Alan K. Lee".
