FINAL PROJECT WORK PLAN AND DRAFT HEALTH AND SAFETY PLAN, FOR SITE 4 REMOVAL ACTION AT THE NAVAL STATION LONG BEACH, LONG BEACH CALIFORNIA (FILE No. 90-76)

We have received and reviewed the Navy's *Final Project Work Plan And Draft Health And Safety Plan, For Site 4 Removal Action At The Naval Station Long Beach, Long Beach California*, dated July 8, 1998. Board staff also discussed the workplan with the Navy and their contractors during a meeting and site visit held on July 14, 1998. The work plan indicates that all soil stockpiled at Site 4 exceeding the screening criteria for this site will be segregated and transported off-site to a permitted treatment facility, oversized material and debris will be transported to an approved landfill, and the Site 4 W excavation will be backfilled with the remaining clean soil.

You are authorized to proceed with the work plan. Please notify staff a minimum of 72 hours prior to initiating field work.

If you have any questions regarding the above, please contact Hugh Marley at (213) 266-7669.

J.E. ROSS, Unit Chief
Site Cleanup Unit
