Dear Mr. Yue:

On November 30, 1998, you provided concurrence on our response to DTSC comments on the draft Engineering Evaluation/Cost Analysis (EE/CA) for Installation Restoration Site 14, Naval Station Long Beach. In April 1999, per your request, we provided an informal final EE/CA for your review. The informal final EE/CA had incorporated all agency comments as outlined in our response to comments on the draft version.

By letter of May 5, 1999, you provided additional comments on the informal EE/CA. Per your request, enclosed is the final EE/CA for your concurrence prior to issuing it for public review on June 7, 1999. Responses to your additional comments are also enclosed.

Please provide concurrence on the final EE/CA by May 28, 1999, to allow time for printing and distributing the document by June 7, 1999. Should you have any questions, please contact me at (619) 532-4746.

Sincerely,
