<b>Company:</b> SWDIV	<b>Contact Name &amp; Title</b> Mr. Alan Lee - BEC	<b>Bechtel Name &amp; Title</b> Omer Kadaster, CTOL 	
<b>Purpose of Contact:</b> O. Kadaster asked Mr. Lee whether SWDIV had completed its review of responses prepared by BNI to Joint Agency/Trustee comments of August 5, 1996 and March 4, 1997; to USFWS comments of February 10, 1997; and to USEPA/Weston comments of August 5, 1997 (TBT issue) on the Draft, and Draft Final RI Reports, respectively, for Site 7 (West Basin), NAVSTA Long Beach.			
<b>Results:</b> A. Lee said that SWDIV had completed its review of the responses; accepted the responses and did not have any comments or requests of revisions to the responses; the responses should be now considered final. <b>Future Action to be Taken:</b> BNI will mail copies of the comments and responses to all the individual Agencies and Trustees so that each can see what comments the others have made as well as the responses to their comments.
