South Coast Air Quality Management District  
Attn: Director of Enforcement Division  
9150 Flair Drive  
El Monte, CA 91731

Gentlemen:

This is in reference to the notice of violation No. Z30202 dated 4 Dec 86 issued by Inspector Haynes.

The notice alleges a violation of Rule 203 for exceeding permit conditions, P/O No. M-09321 for a solvent degreaser. The subject permit prescribes a limit of 2 1/2 gallons per day of non-PCR solvent.

Our records show that the only solvent used in this degreaser is 1,1,1 trichloroethane (TCE) which is an exempt solvent under SCAQMD Rules (442 & 1122). The 2 1/2 gallon per day limit was apparently meant for non-exempt solvents and is not applicable to an exempt solvent. Hence no violation was committed.

We, therefore, request that the subject notice of violation be cancelled. We request an early review and response. Please refer all questions relating to this matter to Mr. C. P. Kaushik (Environment Engineer) on Phone 547-7868.

Sincerely,

JOE MAYNARD  
Head, Environmental Protection Division  
Public Works Department  
By direction of the Shipyard Commander
