### **DRAFT ADDENDUM SAMPLING REPORT FOR NINE GROUP B AREAS OF CONCERN AT THE FORMER LONG BEACH NAVAL SHIPYARD, LONG BEACH, CALIFORNIA**

Dear Mr. Rollefson:

The Department of Toxic Substances Control (DTSC) has completed our review of the draft addendum sampling report for nine group B Areas of Concern (AOCs) at Long Beach Naval Shipyard, dated August 19, 1999. Based on our review of the information provided in the report, DTSC does not have specific comments with regards to the draft report. Furthermore, DTSC agrees with the Navy's recommendation of No Further Action for AOC SWS2. Since the contaminant of concern at AOC SSS1 is Total Petroleum Hydrocarbons, DTSC will defer the concurrence decision to the California Regional Water Quality Control Board, Los Angeles Region.

DTSC would like to thank you for the opportunity to review the draft addendum report. For questions or concerns regarding this letter, please contact me at (714) 484-5439 or Ms. Jennifer Rich at (714) 484-5415.

Sincerely,

Aaron Yue  
Remedial Project Manager  
Office of Military Facilities
