MORE COMMENTS ON FINAL SITE MANAGEMENT PLAN, LONG BEACH NAVAL
COMPLEX, LONG BEACH, CALIFORNIA

Dear Ms. Valenzia:

After our phone conversation on June 21, 2001, regarding the 5-year review milestone that is missing from the Site Management Plan (SMP), I reviewed the Federal Facilities Site Remediation Agreement (FFSRA) that was signed by the Department of Navy (DON) and the Department of Toxic Substances Control (DTSC) on July 17, 2000. The FFSRA Section 12.5.c.(2) explicitly states,

"The SMP includes Out year milestones for all documents covered in the SMP for the years FY+3 through the project end date".

As a result, the 5-year review milestone needs to be included in this Final SMP before DTSC can approve the document.

To expedite the approval of the SMP, you may submit only the revised pages with the above comment incorporated. We will insert them into the current Final SMP document.

We look forward to continuing to work with you on base cleanup and property transfer. If you have questions or need further information, please call me at (714) 484-5381

Sincerely,

Sue Hakim,
Remedial Project Manager
Office of Military Facilities
