Division, Code 460  
Mare Island Naval Shipyard  
Vallejo, CA 94592Subject: Amended Report of Boring Status and proposal to seal borings  
drilled during verification study, April 22, 1988

Dear Mr. Cornils:

The amendments made in your proposal for sealing the open borings is acceptable. Your proposal was formally approved by this office in our letter of April 6, 1988. As stated in that letter, you are required to comply with Provision C.6.b. of Order No. 87-170 by September 1, 1988. If you cannot comply with this date please notify this office before hand and provide an explanation and alternate date. Any extension of the compliance date must be confirmed in writing by Board staff.

Please notify us of when field work will take place. We would like to observe the work. Also, please submit written certification within 2 weeks of completion of sealing of the borings. If you have any questions, please call Shin-Roai Lee at (415) 464-4212 or 464-1255.

Sincerely,
