Mr. Chip Gribble
California Environmental Protection Agency
Department of Toxic Substances Control
700 Heinz Avenue, Suite 200
Berkeley, CA 94710-2737

Dear Mr. Gribble:

Under authority provided by the Final Action Memorandum and Final Engineering Evaluation/Cost Analysis/Interim Remedial Action Plan for the Non-Time-Critical Removal Action for the Fenced Scrapyard Area of the Defense Reutilization and Marketing Office Site, Former Mare Island Naval Shipyard, Vallejo, California, the Navy has been conducting field work since late 2005 to achieve target cleanup goals (TCG) at this site. While the Navy has succeeded in achieving TCGs across most of the site, there still remains portions of the site, specifically in grids adjoining Dump Road, that still require remedial action. The Navy intends to pursue additional excavation of the impacted grids utilizing our current contractor, Weston Solutions, Incorporated and the approved work plan (Final Removal Action Plan Non-Time-Critical Removal Action for the Fenced Scrapyard Area of the Defense Reutilization and Marketing Office Site, Former Mare Island Naval Shipyard, Vallejo, California, July 8, 2005). The Navy is also removing the DRMO site from the proposed upcoming time-critical removal action that includes sites IR04, IR05, Horse Stables Area, and Paint Waste Area.

Should you have any questions please contact Mr. Art Tamayo at (619) 532-0981 or me at (619) 532-0967.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael S. Bloom".

MICHAEL S. BLOOM
BRAC Environmental
Coordinator
