MARE ISLAND
SSIC NO. 5090.3.A

IN REPLY REFER TO:
9900
Ser 105.2/55

FEB 20 1996

From: Commander, Mare Island Naval Shipyard
To: California Environmental Protection Agency (Attn: Chip Gribble)
United States Environmental Protection Agency (Attn: Tom Huetteman)

Subj: ADMINISTRATIVE CHANGE TO THE RADIOLOGICAL SURVEY PLAN

Encl: (1) Summary of NNPP Radiological Survey Plan Changes

Ref: (a) DTSC (Gribble) ltr of 21 Dec 95
(b) US EPA (Huetteman) ltr of 21 Dec 95
(c) Naval Nuclear Propulsion Program Radiological Survey Plan for the Decommissioning of Mare Island Naval Shipyard

1. In references (a) and (b), the Base Clean-up Team (BCT) agreed with the latest issue (Revision 2, Change 2) of reference (c). Based on this agreement, the Shipyard commenced preparations to send reference (c) for final publication.

2. During pre-publication quality assurance reviews by the Shipyard, several administrative and typographical errors were discovered. These findings are listed in enclosure (1).

3. The Shipyard is issuing Change 3 to Revision 2 of reference (c) to correct the problems noted in enclosure (1). Because little time remains until Shipyard operational closure, this non-technical change will be issued by the Shipyard without the usual BCT review and comment period. Copies of the changed pages will be provided to the BCT members prior to publication of the final reference (c) report.

4. Should you have any questions regarding this letter, please call Mr. John Hall at (707) 646-9928.

R. D. O'BRIEN
