We are still intent on providing a quality education without violating the public trust, but cuts must be made."

Kanter said classes are full because De Anza has more students enrolled this year than last year. Fall 2002 enrollment for the district was 36,394 full-time students. This winter quarter, enrollment is expected to increase to 38,214. Increased unemployment in Silicon Valley

to school while others continue their education and learn new employment skills.

"We have to maintain the focus on primary education and continue our basic programs that send students to the University of California and California State University systems," Fong said.

Brandy noted that a long-term budget model is being developed with the framework for decisions divided into three budgets: the "A" budget is most

"B" budget is supplies and operating expenses allocated to departments. The "C" budget covers the various capital needs of the district.

In the category of staffing and capital, a long-term view of the needs and trends for resources are watched closely.

"I feel we have a strong team that is well versed for the issues and challenges that will face us," said Lois Callahan, district chancellor who has been open to hearing people's concerns.

**Get Involved in the Restoration Advisory Board for Moffett Federal Airfield Superfund Site**

The Navy extends an invitation to community members to apply for membership to the Restoration Advisory Board for Moffett Federal Airfield. The board, also called the "RAB," is an advisory body that acts as a focal point for the exchange of information about the Navy's environmental program. The RAB is comprised of concerned citizens, residents, business leaders, environmental activists, local city and county officials, NASA and regulatory agencies. Members advise the Navy on community concerns as they relate to cleanup issues and encourage community involvement throughout the environmental restoration process. The RAB is always looking for special, dedicated people to enrich and diversify the RAB.

Applications for RAB membership are available at the Mountain View Public Library or by contacting Mr. Lawrence Lansdale, the Navy's BRAC Environmental Coordinator at 619-532-0961 or [lansdalell@efdswnavfac.navy.mil](mailto:lansdalell@efdswnavfac.navy.mil). All interested individuals are encouraged to apply. Priority for RAB membership will be given to local residents that are impacted or affected by the environmental activities at Moffett Federal Airfield. However, all interested parties will be considered. Information about the program can be viewed at [www.efdswnavfac.navy.mil/environmental/moffett.htm](http://www.efdswnavfac.navy.mil/environmental/moffett.htm).
