Subject: Phase I Characterization Report for NAS Moffett Field

Dear Mr. Seraydarian:

This letter confirms a conversation between Mr. Stephen Chao of your staff and myself at the project managers meeting held on 21 August 1990 concerning the aforementioned subject. The review time for the Phase I Characterization Report for NAS Moffett Field (report) should be 60 days, as agreed by all parties in the soon to be executed Federal Facilities Agreement (FFA), not 30 days as stated in your transmittal letter for the report (Ser 1813MO/00444, 02 Aug 1990). Therefore, the close of the comment period should be 01 October 1990.

The Environmental Protection Agency (EPA) did not receive the report until 10 August 1990 at my home address. To be credited with an on-time submittal, all future submissions under the FFA should be mailed overnight (if sent on the day of the act) to:

U.S. Environmental Protection Agency
Region 9
Office of Superfund Programs
1235 Mission Street
Attn: Lewis Mitani, H-7-3
San Francisco, CA 94103

Although the document missed the target date submittal of 01 August 1990, EPA will endeavor to meet the 1 October target date to forward comments on the report. If you have any questions please call me at (415) 744-1996.

Sincerely,

Lewis Mitani
Remedial Project Manager
