Subject: Revisions to the Final May 15, 1991 Quarterly Report
NAS Moffett Field RI/FS, IT Project 409729 (A1T446)

Dear Sir/Madam:

Unfortunately, during the compilation of the subject quarterly report, four soil boring logs (SB-8, SB5-9, SB5-10, and SB5-13) were inadvertently left out. We also took the opportunity to make minor editorial changes to three other well borings (W4-14(A1), W5-13(A1), and W5-27(A1)). These changes also affected the table of contents. Explanation of the changes and the disposition of the affected table of contents and logs are attached.

We believe that providing you these changes now rather than including them in the next quarterly report is more efficient and it keeps the logs together in one quarterly report rather than requiring the reader to look in two reports.

We apologize for any inconvenience this may have caused.

Sincerely,

Bill Garnett

C. Keith Bradley

Enclosure 2
 Explanation of Changes and Disposition
 of Revised Pages to the
 May 15, 1991 Quarterly Report

<u>Page/Boring</u>	<u>Explanation of Changes</u>	<u>Disposition</u>
Pages xv, xvi	The table of contents (TOC) was revised due to changes in boring logs and the addition of four new logs.	Replace old TOC pages with attached pages xv and xvi.
Appendix I TOC	Same as above.	Replace the two old pages behind the title page for "Appendix I" with attached two "Appendix I" TOC pages.
Well Boring W4-14(A1)	The description for the zone between 6.3 - 9.9 feet was changed from "Sandy SILT/Sandy SILT" to "Silty SAND/Sandy/SILT".	Replace old boring log behind Tabs I, Site 4, with attached boring log.
Soil Boring SB-8	"New" Boring Log	Add attached boring log behind Tabs I, Site 5, and between borings AP-15 and SB5-1.
Soil Borings SB5-9, and SB5-10	"New" Boring Logs	Add attached boring logs behind Tabs I, Site 5, and between borings SB5-8 and SB5-12.
Soil Boring SB5-13	"New" Boring Log	Add attached boring log behind Tabs I, Site 5, and between borings SB5-12 and SB5-21.
Well Boring W5-13(A1)	Added "(SB5-25)" to the title block	Replace old boring log behind Tabs I, Site 5, with attached boring log.

Enclosure 2 (continued)
Explanation of Changes and Disposition
of Revised Pages to the
May 15, 1991 Quarterly Report

<u>Page/Boring</u>	<u>Explanation of Changes</u>	<u>Disposition</u>
Well Boring W5-27(A1)	Edited the well summary to indicate that the 12 inch borehole was completed to 14 ft. 9 inches, not 65 feet; the 8 inch borehole was grouted from 14 ft. 9 inches to 65 feet.	Replace old boring log behind Tabs I, Site 5, with attached log.
