Mr. Stephen Chao
Project Manager
Department of Navy
Western Division
Naval Facilities Engineering Command
900 Commodore Way, Bldg. 101
San Bruno, CA 94066-0720

Subj: Naval Air Station, Moffett Field Site Wide Ecological
Assessment

Dear Mr. Chao:

After the ecological assessment meeting on August 31, 1992 and subsequent discussions with the state agencies, U.S. EPA requests a Site Wide Ecological Assessment (SWEA) to be conducted at the Naval Air Station, Moffett Field Site. The Operable Unit 6 Work Plan should be expanded into a Site Wide Ecological Assessment Work Plan with the recommendations made by the EPA, along with other state experts both in the meeting and in their comment letters.

The SWEA should include all the areas covered under the Operable Unit 6. In addition, the work plan should also include all other areas which have a potential effect on the biota at the site. We request the Site Wide Ecological Assessment Work Plan be provided 60 days from receipt of this letter, and that the FFA Schedule for OU 6 be amended by the parties if necessary.

If you have any question, please feel free to contact at
(415)744-2386.

Sincerely,

A handwritten signature in black ink, appearing to read "Lida Tan".

Lida Tan
