Re: Draft Operable Unit 2 - East Proposed Plan, dated May, 1993

Dear Mr. Chao,

The U.S. Environmental Protection Agency (EPA) has reviewed the subject document and feels that because of the extension request for the submittal of the draft OU2-East Feasibility Study (FS), it is inappropriate for a proposed plan to be reviewed at this time. Once the draft FS is released, it should be accompanied by an updated draft proposed plan. Call me at 415-744-2383 if you have any questions.

Sincerely,
