Moffett Field, CA 94035

CLOSURE OF OPERABLE UNIT 1 AT MOFFETT FIELD

Dear Mr. Chuck:

As the host city to Moffett Field, we wish to bring our concerns regarding the closure of Operable Unit 1 (OU1) to your attention. We have discussed the proposed closure methodology with the California Integrated Waste Management Board, the Regional Water Quality Control Board and the Santa Clara County Health Department, Toxic Substances Division. These agencies have all indicated the proposed closure method, Alternative 2, either does not meet their approval or is inferior to the prescriptive closure methods stipulated in State and Federal regulations. We find this disappointing, and encourage you to reevaluate your proposed closure method to comply with the recommendations of these agencies and the regulations which they enforce.

Sincerely,

Patricia Figueroa

Patricia Figueroa
