Re: *Draft May 1995 Quarterly Report*, dated December 29, 1995

Dear Mr. Chao,

The U.S. Environmental Protection Agency (EPA) has received the subject document and provides the following comments. If you have any questions, please call me at 415-744-2385.

1. Section 3.2.3, page 11, para 1. When available, please provide a schedule for the revisions to the Moffett Federal Airfield base-wide Quality Assurance Project Plan.
2. Section 4.4.7, page 38, para 2. This paragraph indicates that there were gross beta detections at landfill groundwater wells WGC2-3 and WGC2-4. Please clarify in the text where these detected levels fall in the realm of detection limits and regulatory concerns.

Sincerely,

A handwritten signature in cursive script that reads "Michael D. Gill".
