SUBJECT: MOFFETT FIELD SITE 27 – PROPERTY SURVEY

Beginning September 1, 2004, Navy contractors will be performing field-work to establish the location of property boundaries along the Northern Channel (Site 27) at the Former NAS Moffett Field. To complete the task, the contractors will require access to your property. Prior to entering your property the contractor will contact you. The contractor who will be performing this work is Golden State Engineering and Surveying from Merced, California.

People Navy anticipates will be in the field are:

Robert K. Granata (Golden Valley Engineering and Surveying)  
Chris Andrews (Golden Valley Engineering and Surveying)  
Arvind Acharya (Innovative Technical Solutions, Inc., [Navy Prime Contractor])  
Richard Purdue (Innovative Technical Solutions, Inc.)

Upon completion of the property survey, the Navy will provide copies of the Record of Survey, which will be recorded in the Office of the Santa Clara County Recorder, for your files.

The Navy greatly appreciates your facilitating access to your property to perform the boundary survey. Thank you for your assistance with this key step in the remediation of the Northern Channel.

As always, if you have any questions, please do not hesitate to contact me at (619) 532-0911 or Mr. Scott Gromko at (619) 532-0933.

Sincerely,

A handwritten signature in cursive script that reads "Marie Avery".

MARIE AVERY  
Base Closure Manager  
By direction of the Commander
