Re: Resolution of Informal Dispute over Moffett Federal Airfield Site 27

Dear Ms. Muckerman:

U.S. EPA has reviewed your letter of June 13, 2001 concerning our informal dispute regarding Site 27, Northern Channel. As such, EPA concurs with the modification of the Moffett Federal Airfield (MFA) Federal Facility Agreement (FFA), Attachment 3 (timetables and deadlines).

Your letter provides satisfactory responses to EPA's concerns. Since receipt of your letter of March 27, 2001, invoking dispute resolution pursuant to Sections 27.6 and 10 of the MFA FFA, we have worked together closely with you and the Regional Water Quality Control Board to reach the agreements and approaches reflected in the new work and schedule extension requested for Site 27. The new schedule we have jointly negotiated is comprehensive and we do not anticipate receiving or approving additional extension requests. We appreciate your efforts to seek resolution with us on our primary concerns.

Please call me at (415) 744-2387 if you have questions or for further discussion.

Sincerely,

A handwritten signature in cursive script that reads "Carmen White".
