Re: Draft Final Addendum to the Revised Final Stationwide Feasibility Study  
No Further Action Sites, dated July 6, 2001

Dear Ms. Muckerman:

This letter transmits U.S. EPA's concurrence on the July 6, 2001 Draft Final Addendum to the Revised Final Stationwide Feasibility Study--No Further Action Sites, Moffett Federal Airfield (MFA). The draft final addendum and response to comments do an excellent job in providing information and documentation regarding the No Further Action (NFA) sites.

We appreciate your efforts to seek resolution to our primary concerns and recognize the considerable amount of work that went into preparing this addendum. Don't hesitate to call me at 415/744-2387 if you would like to discuss this or any other issues relating to the MFA cleanup.

Sincerely,

A handwritten signature in cursive script that reads "Carmen White".
