Dear Ms. Peterson:

This cover letter serves to transmit the draft Final Data Gaps Investigation Field Work Plan (Work Plan) for Site 27, the Northern Channel, at Moffett Federal Airfield (MFA), Moffett Field, California. The purpose of this letter is to provide you an opportunity to review how regulatory agency comments were incorporated in the Work Plan. The regulatory agencies provided concurrence with the Navy response to comments on October 19, 2001. Please provide your concurrence or additional comments by November 7, 2001 so we can maintain future submittals in accordance with the renegotiated MFA Federal Facility Agreement (FFA) Schedule for Site 27.

We appreciate the opportunity to work with you on this document. If you have any questions or comments, please contact Ms. Andrea Muckerman or Mr. Lawrence Lansdale in any of the following ways:
