Ms. Michelle Sondrup
Remedial Project Manager
Southwest Division Naval Facilities Engineering Command
1220 Pacific Highway
San Diego, CA 92132-5190

Subject: Concurrence on the Final Site 1 Engineering Evaluation/Cost Analysis (EE/CA), Naval Fuel Depot Point Molate Richmond, California

Dear Ms. Sondrup:

Thank you for submitting the September 28, 2000, Final Site 1 Engineering Evaluation/Cost Analysis Naval Fuel Depot Point Molate, by Tetra Tech EMI. The Navy appears to have responded to the Regional Water Quality Control Board staff August 29, 2000 comments in the Final EE/CA. Regional Water Quality Control Board staff concurs with the recommendation of the Final EE/CA, an alternative soil cover for the former landfill. The Navy will be notified when the California Environmental Quality Act (CEQA) documentation is filed with the State of California Office of Planning and Research.

If you have any questions regarding this concurrence please give me a call at (510) 622-2353.

Sincerely,

Linda Dorn
Project Manager
