Dear Ms. Garriga:

**REVIEW OF FINAL FOCUSED SITE INSPECTION WORKPLAN FOR SITES 5 AND 6,
NAVAL TRAINING CENTER (NTC), SAN DIEGO, CALIFORNIA**

The Department of Toxic Substances Control and the Regional Water Quality Control Board have completed review of the subject document and have found that our comments have been adequately addressed. Fieldwork may proceed as planned on Sites 5 and 6.

Because of the many activities occurring at NTC, it is necessary that the BRAC Cleanup Team (BCT) coordinate and communicate effectively the various data needs, deliverable due dates, critical meeting needs, and anticipated fieldwork schedules in order to avoid misunderstanding among the BCT. Progress has been steady at NTC despite BCT changes within the last year. We look forward to continuing our working progress on NTC.

If you should have any questions regarding this matter, please call me at (310) 590-5563.

Sincerely,

Alice Gimeno
