**CONCURRENCE ON FINAL COMPREHENSIVE SITE ASSESSMENT  
REPORT FOR POINTS OF INTEREST AT NAVAL TRAINING CENTER,  
SAN DIEGO**

Dear Mr. Forman:

During the December 3, 1996 BRAC Cleanup Team meeting, you requested a concurrence letter from the State regarding the July 1996, final Comprehensive Site Assessment Report for Points of Interest, groups A, B, C and D (final Report). In response to your request, the Department of Toxic Substances Control (DTSC) has reviewed the errata sheet dated September 23, 1996, for the final Report and agrees with the changes.

Based on the information provided in the July 1996 report, and the changes made in the errata sheet, DTSC, as a lead agency for the State, concurs with the finding of "No Further Action" for the groups A, B, C and D Points of Interest as listed in Table 1-1 of the final Report. Further more, the State will continue to work with the Navy to further investigate the POIs which require "Further Action" as listed in the report.

If you have any questions regarding this letter, please feel free to contact me at (310) 590-4897.

Sincerely,

Aaron Yue
