RE: New EPA Remedial Project Manager for Naval Training Center

Dear Mr. *Phill* Dyck and Ms. *Alice* Gimeno:

As you know, I will be taking maternity leave from EPA in March. My last day will be March 7, 1996. Until that date, I will continue to work on Naval Training Center San Diego (NTC). As of March 8, 1996, the EPA BCT representative for NTC will be Martin Hausladen. Martin has already begun to sit in on conference calls and to acquaint himself with the project. Martin can be reached by mail at the above address, mailcode H-9-2. His telephone number is (415)744-2388 and his fax number is (415)744-1916. Martin is planning to attend the next NTC RAB meeting which I believe is scheduled for March 26, 1996. In the meantime, I would suggest that you include Martin in any routine correspondence and conference calls while, major deliverables such as the revised ESI, etc. can be sent to me up until the first week of March.

I hope that this letter has clarified my schedule with respect to my continued participation in the NTC project. Please note that currently I am not in the office on Wednesdays or Fridays. I have enjoyed working with both of you on the NTC project and wish you success in the future.

Sincerely,

*Claire Trombadore*
