Dear Restoration Advisory Board (RAB) Members and interested parties:

SUBJECT: FINAL REMEDIAL INVESTIGATION REPORT FOR INSTALLATION RESTORATION SITE 12 (THE BOAT CHANNEL), FORMER NAVAL TRAINING CENTER, SAN DIEGO, CALIFORNIA.

The Navy is pleased to present the Final Remedial Investigation (RI) Report for Installation Restoration Site 12 (the Boat Channel), Former Naval Training Center, San Diego, California. This document incorporates response to comments received on the Draft RI report and includes additional data evaluation as a result of those comments. In accordance with the CERCLA process, the Navy is proceeding with a Feasibility Study (FS) to evaluate remedial alternatives for this site.

We look forward to continuing to work with you on the FS for the Boat Channel at Former Naval Training Center. If you have any questions or comments regarding this letter please contact Mr. Lawrence Lansdale at (619) 532-0961.

Sincerely,

A handwritten signature in black ink, appearing to read "Lawrence Lansdale", is positioned above the typed name.

LAWRENCE LANSDALE, PE
BRAC Environmental Coordinator
By direction of the Commander

Enclosure: 1. Final Remedial Investigation Report for Installation Restoration Site 12 (the Boat Channel), Former Naval Training Center, San Diego, California.
