Hello Ellen,

I believe that I responded earlier and indicated that I was deferring to Sarah on the final determination. Sorry about the confusion or any delays that I may have caused.

David.

Sarah, David,

On August 31, I sent you a letter requesting concurrence with the Final Technical Memorandum Bioventing/Biosparging Pilot-Scale Test, Naval Station Treasure Island dated 31 August 2000. Are you in concurrence with the findings and recommendation in the report?

Thank-you,

Ellen Casados
