Mr. Ernie M. Galang  
WESTDIV  
Naval Facilities Engineering Command  
900 Commodore Dr.  
San Bruno, California 94066

Dear Mr. Galang,

The San Francisco Bay Regional Water Quality Control Board staff request an extension on the following documents Draft Phase I Remedial Investigation Report Volume I and II and Draft Ecological Risk Assessment because of time needed to coordinate with the in-house Ecological Risk Assessment specialist, unexpected meetings concerning base closure activities in November and December, and my two week vacation during the holiday season.

The comments from the San Francisco Bay Regional Water Quality Control Board staff will be submitted on January 31, 1994.

If you have any questions or concerns, I can be reached at the San Francisco Bay Regional Water Quality Board at (510) 286-4267.

Sincerely,

Gina Kathuria
