Dear Mr. Galang:

**SAN FRANCISCO REGIONAL WATER QUALITY CONTROL BOARD REQUEST FOR  
EXTENSION ON DRAFT REMEDIAL INVESTIGATION REPORT AND ECOLOGICAL  
ASSESSMENT, NAVAL STATION TREASURE ISLAND**

This letter clarifies the date the Navy will receive comments from the California Environmental Protection Agency (Cal-EPA). In a letter dated January 6, 1994 the San Francisco Regional Water Quality Control Board (SFRWQCB) requested an extension for providing comments on the documents mentioned above. The SFRWQCB stated they would submit comments to the Navy on January 31, 1994. The SFRWQCB also informed the DTSC that they will submit comments to the DTSC on January 31, 1994.

As lead agency for Cal-EPA, the Department of Toxic Substances Control (DTSC) must coordinate comments for Cal-EPA, Departments and Boards. To coordinate the DTSC and SFRWQCB comments, the DTSC requires five working days. Therefore, the DTSC will transmit the comments of the DTSC and RWQCB to the Navy on February 4, 1994. The submittal on February 4, 1994 will include comments on all documents related to the Remedial Investigation including the Remedial Investigation Report, Ecological Assessment, and Baseline Human Health Risk Assessment.

If you have any questions regarding this letter, please call me at (510) 540-3809.

Sincerely,

A handwritten signature in cursive script that reads "Thomas P. Lanphar".
