Subj: FEDERAL FACILITY SITE REMEDIATION AGREEMENT (FFSRA) FOR
NAVAL STATION, TREASURE ISLAND (NAVSTA TI)

Encl: (1) Federal Facility Site Remediation Agreement Appendix D (Revised 09/12/97)

Dear Ms. Cassa:

Pursuant to Section 9, Extensions, of the Naval Station Treasure Island Federal Facility Site Remediation Agreement (FFSRA), the Navy requests your concurrence to enclosure (1), Appendix D (Revised 09/12/97). The revised schedule was based on Chapter 5, Environmental Program Master Schedule, Figure 5-1, Naval Station Treasure Island Projected Installation Restoration Schedule dated 09/12/97 of the BRAC Cleanup Plan (BCP).

The revised schedule was discussed and approved by the BRAC Cleanup Team (BCT) in the August 12 and September 2, 1997 BCT meetings. The schedule was based on the 12 September 1997 submittal of the draft final remedial investigation (RI) report for onshore sites. The draft final RI report contains additional information used to further evaluate some of the sites. This new information includes (1) additional quarterly groundwater data, (2) results of groundwater modeling, (3) results of ecotoxicological testing for the development of petroleum screening levels, and (4) additional soil and groundwater data from Sites 12 and 17.

The Navy is available to discuss this request at your convenience. If you require additional information, please contact me at (650) 244 2560.

Sincerely,
