DEPARTMENT OF TOXIC SUBSTANCES CONTROL (DTSC) PROJECT MANAGER FOR NAVAL STATION TREASURE ISLAND, SAN FRANCISCO, CALIFORNIA.

Dear Mr. Sullivan:

This letter is to advise you that Mr. David Rist will no longer be fulfilling the duties of Project Manager for DTSC at Naval Station Treasure Island (NSTI). Mr. Rist has accepted a new position within DTSC and will be transitioning to his new position over the next two weeks. During this transition period Mr. Rist will continue to perform some of his regular project management duties but most of his time will be dedicated to transitioning the base. DTSC will work to avoid delays to the project schedule but as a new project manager will likely not be in place for two to three months, DTSC is advising the Navy that delays to all project work schedules should be expected.

After October 30, 2006, please address all NSTI correspondence to me at the same address that you have been using for Mr. Rist.

If you have any questions or would like to discuss this matter with me directly, please contact me at (510) 540-3772

Sincerely,

Daniel E. Murphy, P.E.
Unit Chief
Office of Military Facilities
