Berkeley, CA 94710-2737

SUBJECT: TRANSMITTAL OF THE FINAL, FINAL STATUS SURVEY REPORT,  
BUILDING 233, NAVAL STATION TREASURE ISLAND, SAN  
FRANCISCO, CALIFORNIA

Dear Ms. Sunga:

Enclosure (1) is submitted for your records. This Final, Final Status Survey Report includes the results of radiological surveys and systematic soil sampling performed during a Final Status Survey (FSS) for the building footprint of Building 233 at Naval Station Treasure Island. The FSS Report shows that residual radiation levels (Radium-226) at the site are within background for Treasure Island. Accordingly, the Navy hereby requests a letter of Recommendation for Unrestricted Radiological Release (RURR) from the State of California for the Building 233 Site.

Thank you for your continued support on this project. Should you have any questions or need additional information, please contact Mr. Anthony Konzen, Project Manager at (619) 532-0924 or Mr. David Clark, Lead Project Manager, at (619) 532-0973.

Sincerely,

KEITH FORMAN  
BRAC Environmental Coordinator  
By direction of the Director

Enclosure: 1. Final Status Survey Report, Building 233,  
Naval Station Treasure Island, San Francisco,  
California
