**From:** Langan Treadwell Rollo  
On behalf of the Treasure Island Development Authority (TIDA)

**Date:** December 10, 2014

**Project:** Treasure Island/Yerba Buena Island  
San Francisco, CA  
Project No. 731611601

**Subject:** Comments from Langan Treadwell Rollo/TIDA on the Draft, Final Status Survey Report, Non-Time Critical Removal Action for Bigelow Court, Solid Waste Disposal Area, Installation Restoration Site 12, dated November 2014.

---

Comments from Langan Treadwell Rollo/TIDA:

- 1. Section 1.0, Introduction, page 1-1:** Please define the excavation boundaries of the NTCRA area described in this report (specifically in the third paragraph of this section). Please clarify the difference between the boundaries of SWDA Bigelow Court and the site area boundaries shown on Figure 1 – Site Location.
- 2. Section 2.2, Previous Investigations and Removal Actions, page 2-3:** The second paragraph of this section describes a 2003 excavation in the “small area between Buildings 1411 and 1413 in Flounder Court.” Please identify this excavation area on Figure 2 – Target Excavation Areas.

Minor Comment:

- 3. Section 1.0, Introduction, page 1-1:** Please revise the third sentence of the third paragraph to state: “Including the radiological object recovered from the Building 1101 Unit G area, a total of three radioactive objects were encountered during the NTRCA.”
