All,

The Draft Site Inspection (SI) Report for Neighborhood E Groundwater at MCAS Tustin was submitted to the regulatory agencies on 23 September 2015 for review. The Navy's cover letter requested that comments, if any, be submitted by Wednesday, 11 November 2015. The Navy has not received letters and/or e-mails to date from any of the regulatory agencies for the referenced document. Please complete your review of the document and provide a comment or concurrence letter to the Navy. If an extension of the review time of several weeks is required, please give me or Content a call to discuss.

Thanks,

Marc P. Smits PE
