Building 212, Washington Navy Yard  
Washington, D.C. 20374-2121

Dear Mr. Markert:

Thank you for your letter of May 24, 1988 concerning the establishment of a technical review committee for the Naval Ordnance Station, Naval Surface Weapons Center, and Naval Air Station facilities in Maryland. The representative of the Maryland Department of the Environment on this committee will be Mr. Harold Dye, Chief of the Hazardous Waste Enforcement Division. As these activities have clear implications for RCRA compliance and corrective action requirements, it is essential that you keep Mr. Dye fully informed as to all activities. We will determine our level of participation in committee meetings on a case-by-case basis balancing competing priorities.

Should you have any further questions, please communicate with Mr. Harold Dye at (301)-225-5731.

Sincerely,

A handwritten signature in cursive script that reads 'Ronald Nelson'.
