Subject: Final Version of the Background Soil Investigation Report for
Indian Head and Stump Neck Annex, Naval Surface Warfare Center

Dear Mr. Morris:

Enclosed are two (2) copies of the Final Version of the Background Soil Investigation Report for Indian Head and Stump Neck Annex, Naval Surface Warfare Center (NSWC), Indian Head, Maryland (the Station). As directed by the Indian Head Installation Restoration Team (IHIRT), the background information for groundwater and sediment quality at the Station originally included in the draft version of the report has been moved to Appendix A of this report. The primary focus of the final version of the report is the inorganic profile of the background surface and subsurface soils at the Station.

Please call me at 412-921-8887 if you have any questions regarding the enclosed document.

Sincerely,

Lee Ann Sinagoga
Task Order Manager
